## Quick Start Guide for instructors

This Quick Start Guide helps you to get started with Brightspace at Utrecht University. The topics that will be covered in this Quick Start Guide are:

- the [Homepage](#)
- the [Course page](#)
- the [Content screen](#)

As we will continue to develop Brightspace please be aware that the screenshots may differ from your actual experience. This Quick Start Guide will be updated regularly.

# Brightspace Homepage

The homepage is the first page you will see after logging in with your Solis-id via <https://uu.brightspace.com>

This chapter will walk you through the menu on the homepage and show you how you can navigate to your course.

Click on **Brightspace Help** to navigate to the Brightspace Community website where you can find manuals and tutorials.

Click on **My home** return to the homepage.

**Quick Eval** is where you can view all learner submissions that are awaiting evaluation.

Unread mail can be found under **Messages**.

**Subscriptions** - Notifications of new discussion posts in forums, topics and threads will be displayed here.

**Updates** is where you find new announcements, upcoming due dates and new/updated grades.

Click on the **Course selector** to select your course. Pinned courses are shown on top.

Within the **personal menu** you can edit your user-specific settings such as your profile, notifications and accounts settings.

**TIP!**  
Open the personal menu and click on 'View as Learner' to **impersonate** a student.

Brightspace  
Homepage  
3/3

**Announcements** shows you all general announcements in Brightspace. Please note that this does not include course-specific announcements.

The screenshot displays the Brightspace homepage layout. At the top left is the 'Announcements' section with a dropdown arrow and a message: 'There are no announcements to display.' Below this is the 'My Courses' section, also with a dropdown arrow. It features three tabs: 'All', 'Brightspace', 'Samples', and 'Sandboxes'. The 'Samples' tab is active, showing three course cards: 'Sample Course Samples', 'Sample Course - Outlines Samples', and 'Build Your Course Samples'. A link 'View All Courses (3)' is positioned below the cards. To the right of 'My Courses' is the 'Quick Eval' section with a dropdown arrow. It contains a checklist icon, the text 'You're all caught up!', a message 'You have no submissions that need evaluation. Check back later for new submissions.', and a blue button labeled 'View all activities'. At the bottom right is the 'Calendar' section with a dropdown arrow. It shows the date 'Thursday 1 August 2024' and a section for 'Upcoming events' with a dropdown arrow. One event is listed: 'AUG 23:59 3 Assignment 1 - Research Methods - Due Lana Hoekstra Sandbox'. Arrows from the surrounding text boxes point to these specific sections in the interface.

**My Courses** shows all courses you are currently subscribed to. These courses are categorized under different tabs. Right-click on a specific course to see more information or pin the course so it shows up under the tab 'Pinned'

**Quick Eval** shows all learner submissions that are awaiting evaluation.

**Calendar** shows all upcoming deadlines and events for all the courses you are subscribed to.

# Brightspace Course Page

The course page is the starting point of your course. This chapter will walk you through the course menu, show you how you can navigate through your course page and present the tools that are available to you.

The navigation bar helps you to navigate to the main aspects of your course.

Use the **Content** tool to post and organize course content such as learning materials, the course syllabus, assignments, and quizzes.

Click on **Tools** to navigate to your personal quizzes, assignments, discussion forums or rubrics. Learn more about these functionalities on the next page.

Underneath **Help** you can find links manuals, hands-on support and instructions by Brightspace.

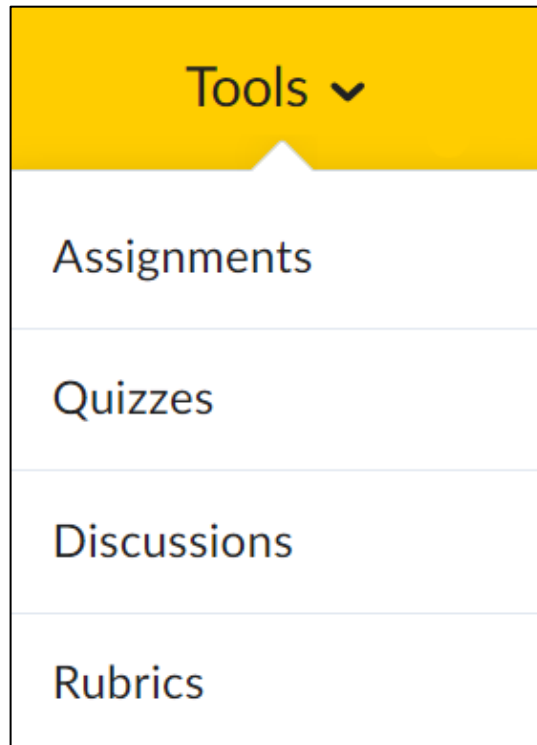

Click on the **Course Home** button to navigate back to the homepage of your course. Do you want to return to the Brightspace homepage? Click on the Utrecht University logo in the top-left corner.

**Grades** takes you to the Grades Setup Wizard where you can create and manage your gradebook. When completed, it will show you the grades of all learners in this specific course.

Through **Course Management** you can navigate to your classlist, groups, class progress overview or the administration page.

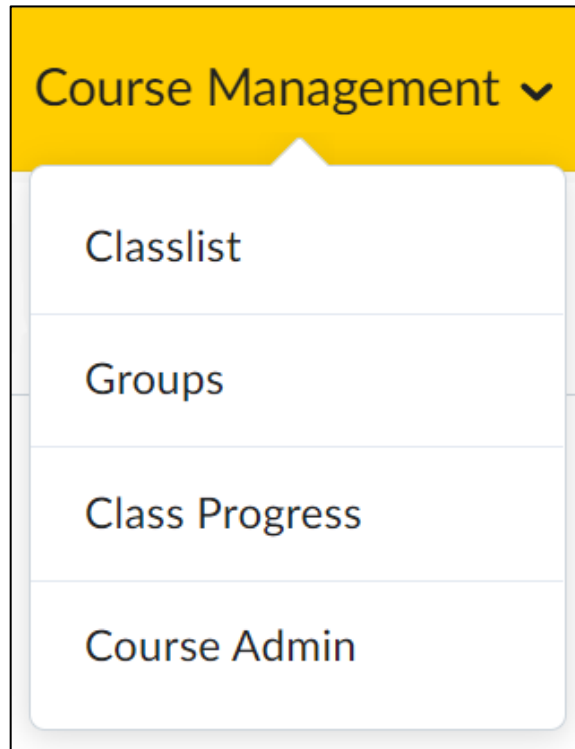

**Assignments** is where you can configure new and edit existing assignments, view submissions and see the results of previous assignments.

**Quizzes** is where you can configure new quizzes (formative tests), edit existing quizzes and define and manage a question library. You can also see the results of previous quizzes under statistics.

Go to **Discussions** to set up forums and topics for users to ask questions, discuss course content/assignments and work together in groups.

**Rubrics** offers you the opportunity to create rubrics. You can associate a rubric with assignments and grade-items. Rubrics standardize evaluation and facilitate the ability to provide feedback.

**Classlist** is where you can find all the current enrollments in your course with names, roles, and date last accessed. You can also email specific users or user groups from here.

Use **Groups** to create or edit groups.

**Class Progress** is where you can review the progress of the learners currently enrolled in your course.

**Course Admin** is where you can find additional tools to configure for your course, such as the course calendar, competencies and checklists. Go to 'Course Offering Information' to publish the course and make it available to students.

Brightspace Course page

4/4

**Announcements** shows you all course-specific announcements in Brightspace. These announcements will not be shown on the general Brightspace homepage.

**Content Overview** is where you can see a visual overview of all the course content and the completion rate of the topics in the content.

**Calendar** shows all upcoming deadlines and events for this specific course.

# Brightspace Content

The content page is where you configure your course by adding content such as documents, lecture recordings and PowerPoint presentations, but also by adding learning activities such as assignments and quizzes.

The content in Brightspace is structured in **Units, modules** and **Activities**. You can use the modules to organize the course offerings and activities to organize the content in each module.

You can **rearrange** course materials by dragging and dropping activities between modules.

The screenshot shows the Brightspace course editor interface. At the top, there is a navigation bar with 'Course Home', 'Content', 'Grades', 'Tools', 'Course Management', and 'Help'. Below this is a yellow header with '+ New Unit', a gear icon, a visibility toggle (currently checked and labeled 'Visible'), 'Add Existing', and 'Create New' buttons. The main content area shows a unit titled 'Introduction' with a dropdown arrow. Underneath are two activity cards: '0.1 Welcome to the course!' and '0.2 About this course'. Below these is a 'Group registration' activity. A vertical scrollbar is visible on the right side of the unit list. On the right side of the screenshot, the content of the 'Introduction' unit is displayed as a block of Lorem Ipsum text.

Use the **Visibility** toggle to hide or show content to your students. If your module or activity is still under construction, we advise you to hide it from your learners until it is finished.

**Add Existing** Create New

Click on **the dots** to Edit, download, move, reorder or delete the module. You can also view the release conditions.

**Create new** is where you can create new content such as assignments, quizzes or files.

If you have clicked on **Create new** on the previous screen you will be able to create new content in your module. From here you can start to **create** an assignment, discussion board, quiz or a different learning item. Added and created content is called a 'Topic'.

### What would you like to create?

New Folder    HTML Document    WebLink    Assignment    Discussion    Quiz

Checklist    More

Click on one of the symbols to add an Assignment, a Discussion board, a Quiz or another learning item within Brightspace course.

**!** Please note that it is not possible to add files from your repository after clicking 'Create new', as this is not new content but existing content. Return to the previous screen and select the option 'Add existing' to insert existing media such as SCORM-files or external activities.

If you have clicked on **Add existing**, you will be able to add existing content to your module from within Brightspace or from your own computer. From here you can add assignments, discussion boards, quizzes or insert files such as PDF-documents (from your own computer).

Introduction

What would you like to add?

Assignment   Discussion   Quiz   Checklist   External Tool Activity   SCORM/xAPI Object

LOR   Atomic Search   Atomic Search Deep Linking   Video Assignment   ... More

Click on one of the symbols to add an Assignment, a Discussion board, a Quiz or another learning item within Brightspace that you have previously created within your course.

Drag and drop a file from your computer or click on browse to select to find and select a file from your computer.

Drag and drop or [browse](#)

To upload SCORM or xAPI files, click the SCORM icon

Cancel
